

NPTEL

- NPTEL (National Programme on Technology Enhanced Learning), is a joint venture of the IITs and IISc, funded by the Ministry of Education (MoE) Government of India.
 - With NPTEL, it is now possible for ANYONE outside the IIT System to be able to do an online certification course from NPTEL and get a certificate from the IITs.
-

NPTEL Online Certification

- Through an online portal, 4, 8, or 12-week online courses are being offered. Enrolment to and learning from these courses is free. Following these online courses, certification exam is conducted and a certificate is provided through the participating institutions and industry, as applicable.
 - The certification exam is not free but has a nominal fee <https://sdbc.ac.in/computer-science-engineering/e> of Rs 1000.
 - These certificates are envisioned for use in credit transfer (through MOOC) to universities or for making the student more employable or for enhancing their growth in their current place of work.
-

Why should a learner do NPTEL online certification courses?

- Enables the student to directly engage and learn from the best faculty in the country in that particular subject. This strengthens the fundamentals of the student in the course
- The certificates issued bear the stamp of the institute offering the course and hence are valuable additions when the students apply for jobs.
